## **Jeffco's White Ranch Park East Trailhead Under Temporary Closure**

Jefferson County Open Space will implement a temporary closing of the east trailhead to White Ranch Park north of Golden, CO on Friday, July 10, 2009 while weed management activities occur on adjacent private property. This temporary closure will involve the east trailhead of White Ranch Park (located 1.7 miles north of Golden to west 56th Avenue, and east one mile on Pine Ridge Road) and the Belcher Hill Trail. Access to the Belcher Hill Trail from the west will also be closed.

The closure will be implemented during aerial herbicide application by the adjacent landowners scheduled on Friday, July 10. This spraying activity will impact the Open Space trail easement corridor along the park's south east boundary north of Van Bibber Creek.
